LATINO PERSPECTIVES SERIES

BARRIO BOY

40th Anniversary Edition

Ernesto Galarza

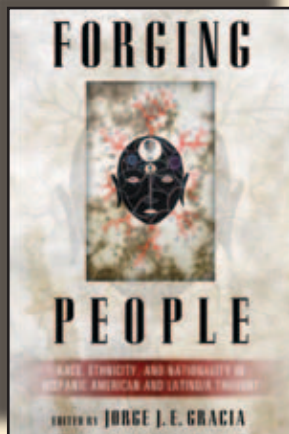

Introduction by Ilan Stavans

“In 1971, at the age of sixty-six, the labour activist, educator and scholar Ernesto Galarza (1905–1984) published *Barrio Boy*, a memoir of the long migration of his family from a small village in the Sierra Madre to California. *Barrio Boy* immediately became a classic of Chicano literature, and on its fortieth anniversary has now been published in a new edition with an introduction by the critic, biographer and short-story writer Ilan Stavans.” —*Times Literary Supplement*

“Galarza’s classic speaks louder now than when I read it as an undergrad in 1970 during the early formation of Chicano Studies at UCLA. . . . You must take this book and treasure it, walk with it, converse with it and carry its most human story in your heart—so you will live and act fully. A cultural classic yesterday, a riveting, fiery illumination today.”
—Juan Felipe Herrera, University of California, Riverside

Since it was first published in 1971, Galarza’s classic work has been assigned in high school and undergraduate classrooms across the country, profoundly affecting thousands of students who read this true story of acculturation into American life.

FORGING PEOPLE

Race, Ethnicity, and Nationality in Hispanic American and Latino/a Thought

Edited by Jorge J. E. Gracia

“Jorge J. E. Gracia has brought together a stellar inter-American group of scholars to provide us with a sweeping but also incisive and original overview of how Latin Americans have simultaneously invented and dismantled the categories of race, ethnicity, and nation. This is an outstanding anthology, full of scholarly gems, which is also eminently useful.”

—Eduardo Mendietta, Stony Brook University

Each essay in this collection addresses one or more influential thinkers, ranging from Bartolomé de Las Casas on race and the rights of Amerindians; to Simon Bolívar’s struggle with questions of how to forge a nation from disparate populations; to modern and contemporary thought on issues of race, unity, assimilation, and diversity.

Contributors: José Antonio Aguilar Rivera, Janet Burke, Jorge J. E. Gracia, Ted Humphrey, Iván Jaksić, Renzo Llorente, Oscar R. Martí, Elizabeth Millán, Amy A. Oliver, Arleen Salles, Ofelia Schutte, Ernesto Rosen Velásquez, and Diego von Vacano.

THE XARIPU COMMUNITY ACROSS BORDERS

Labor Migration, Community, and Family

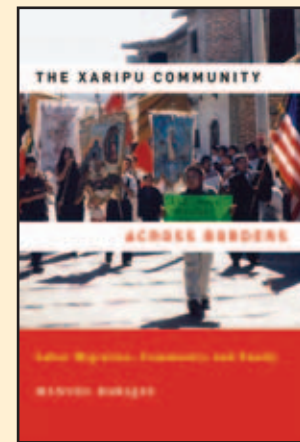

Manuel Barajas

Awarded Honorable Mention, 2011 Distinguished Book Award Committee, American Sociological Association Sociology of Latino/a Section

"*The Xaripu Community* is an exciting, refreshing, and critical ethnographic study that breaks new ground for theorizing transnational migration experiences and gender relationships across borders and challenges monolithic characterizations of Mexican migrants. Presenting a nuanced critique of previous frameworks, Barajas puts forward innovative assertions and arguments for an 'interactive colonization' framework that will have repercussions on debates about the Mexican migration experience in the United States." —Mary Romero, Arizona State University

"This interesting work aims to develop a framework for understanding how the intersection of racism, patriarchy, and economic oppression affects labor migration, community formation, and gender dynamics among the Xaripu across borders. It contributes to our understanding of another facet of the Mexican experience of migration." —Cecilia Menjivar editor of *Latinos/as in the United States: Changing the Face of América*

**TRANSFORMATIONS OF LA FAMILIA ON THE U.S.-MEXICO BORDER**

Edited by Raquel R. Márquez and Harriett D. Romo

"This is an excellent and highly coherent collection of papers dealing with the impact on Mexican and Mexican-origin families living in the transnational space of the U.S.-Mexico border. It is particularly useful because of its exceptional range of perspectives, combining demography, history, ethnography, and public policy analysis. Census and survey data from the U.S. and Mexico, life histories, cross-border social and economic relationships, and the perceptions of border residents bring out in rich detail the complex interdependence of both sides of the border." —Bryan R. Roberts, University of Texas at Austin

Contributors: Ana Marie Argilagos, Amanda G. Bailey, Irasema Coronado, Marie-Laure Coubès, Amelia Malagamba-Ansótegui, Raquel R. Márquez, Yolanda C. Padilla, Catalina Palmer, Mary A. Petró, Belinda I. Reyes, Bárbara J. Robles, Harriett D. Romo, Patricia Sánchez.

**CUBAN CATHOLICS IN THE UNITED STATES, 1960–1980**

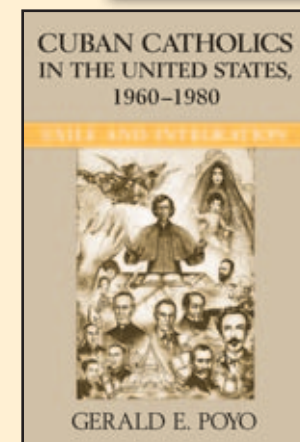

Exile and Integration

Gerald E. Poyo

"*Cuban Catholics in the United States, 1960–1980* is the rare book that delivers more than its title promises. Although it deals principally with Cuban Catholics in South Florida during the decades of the 'historical exile,' the first chapters offer detailed analyses of Catholics' social thought and their growing involvement in Havana's political scene from the 1920s to the 1950s. Subsequent chapters locate exiles in the currents of Hispanic Catholicism in the United States and the transnational routes of the Cuban diaspora." —*Journal of American Ethnic History*

**LATINOS IN THE UNITED STATES**

The Sacred and the Political

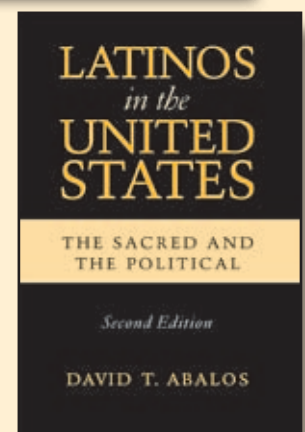

Second Edition

David T. Abalos

"David T. Abalos's work is an extraordinarily rich meditation on the most pertinent aspects of the Latino reality today that goes beyond a merely competent social science analysis of America's largest minority. Abalos integrates solid sociology, politics, anthropology, and psychology into an inspiring vision demonstrating where Latinos could be going if the right choices are made."

ANDRÉS MONTOYA POETRY PRIZE

TROPICALIA

Emma Trelles

“True to the musical movement of its namesake, *Tropicalia* is a unique fusion of sounds, sights, and textures that entrances the reader into a dream-state. Like a déjà vu of the soul, the physical and emotional landscapes these poems render so precisely feel at once familiar and yet like completely new worlds in which I find love, meaning, and resolve for the first time, again. ‘Beauty is better felt than seen,’ Trelles writes, and it is true: *Tropicalia* is not a book I merely read, but felt word by word; not poems I merely pondered, but experienced syllable after precious syllable.” —Richard Blanco

“In *Tropicalia*, Emma Trelles gives us Miami—the flora, the fauna, the languages, the interstate. Her poems are luxurious and scrumptious, socially relevant, with oomph and sizzle. The buoyancy of her images and the poignancy of her direct language make Trelles the most exciting poet to emerge recently from the state with the prettiest name.”

MY KILL ADORE HIM

Paul Martínez Pompa

“In his breathtaking debut poetry collection, Martínez Pompa bursts onto the contemporary Latino scene with literary guns ablaze. He is precisely what we need right now: a brave poet just as critical of himself as he is of others. Within the pages of this clever and brutally honest text lie the words of an old soul—who just happens to be a young poet. Martínez Pompa’s youth and aged wisdom coexist in each and every poem, resulting in a fresh, yet deadly serious new voice that is not to be trifled with. . . . Highly recommended reading for anyone on the lookout for what comes next in Latino poetry.”

—*Multicultural Review*

“There is so much more going on in this book. . . . *My Kill Adore Him* is an exciting and tough collection of very well-composed and accessible poems. It’s been a while since I tore through a book of poetry and really enjoyed the read.”

THE OUTER BANDS

Gabriel Gomez

“Gomez writes eloquently of distance, longing, need, and survival in a series of poems that culminate with a section about the devastation of Hurricane Katrina in New Orleans.”

—*El Paso Times*

“Gabriel Gomez . . . inventively makes audible what is ultimately ‘inaudible for poetry’ from the transformations of glaciers to the vows of retablos, from the power of song to the tragedy of Hurricane Katrina.” —*Latino Poetry Review*

PITY THE DROWNED HORSES

Sheryl Luna

“In her opening poem, Luna declares that ‘pain is living and living is pain,’ but while she relentlessly probes the hardscabble lives of many of America’s Latinos, these poems aren’t grim reading. They’re transfigured by this debut author’s extraordinary lyric power.”

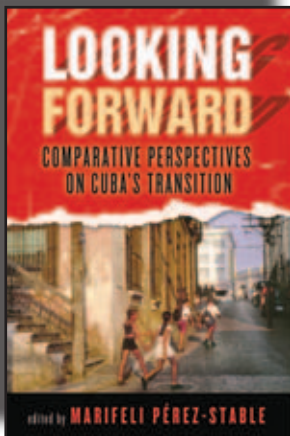

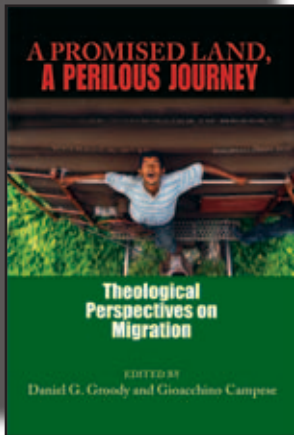

—*Library Journal*

“There’s a weighty mournfulness to Luna’s borderlands, where the stark poverty of Mexico butts against the brash, unyielding sprawl of her American city. . . . In this world of little comfort, Luna is intent on seeking meaning—however bitter—in the emptiness and meditating on the redeeming power of language.” —*The Texas Observer*

A PROMISED LAND, A PERILOUS JOURNEY

Theological Perspectives on Migration
Edited by Daniel G. Groody and Gioacchino Campese

“One can hardly find . . . a serious discussion of the human dignity and rights of the migrants who cross international borders to find work or join family. *A Promised Land, A Perilous Journey*, a compilation of essays taking a theological and rights-based approach to the issue of migration, provides a needed framework to begin that discussion. Comprised of pieces from a wide range of scholars, advocates and service providers, it engages the contemporary immigration debate from a faith-based, Catholic perspective. . . . [A] useful resource for Catholics (and others) who want to reach beyond the dehumanizing language of the national immigration debate and articulate a vision of the migrant as a human being created in God’s image.” —*America*

LOOKING FORWARD

Comparative Perspectives on Cuba’s Transition
Edited by Marifeli Pérez-Stable

Foreword by Fernando Henrique Cardoso
 “Informed by the experiences of socialist transitions in eastern Europe and East Asia, leading experts on Cuba offer stimulating speculations on post-Castro scenarios . . . [and] includes a number of outstanding chapters. Carmelo Mesa-Lago suggests plausible ways that a post-Castro Cuba could achieve greater economic efficiency without sacrificing social equity, and Daniel Erikson offers striking insights on how to escape the corruption curse. And the always eloquent William LeoGrande provocatively suggests that Miami’s hard-line Cuba lobby may prove to be a paper tiger when the moment for normalization finally arrives.”

THE SOURCES OF DEMOCRATIC RESPONSIVENESS IN MEXICO

Matthew R. Cleary

“Using the case of Mexico, Matthew Cleary critically examines a key supposition to democratic theory: that elections produce good and responsive government. In a nicely crafted theoretical discussion, Cleary examines the problems linking elections to responsiveness. This is a superb case study that contributes, as case studies should, to both the broader discussion on democracy and the specifics of the case. Students of comparative politics can certainly benefit from the excellent review of debates centering on the pillars of democracy, and the struggles to create responsive and accountable government.”
